Dear State Committee Member,

As the Elected Representative of Congressional District 2, and therefore a member of the State Budget Committee, I, Michael “Mike” Bichard, am forwarding to you for review some of the work that the Budget Committee Members have been working on as we prepare for our Quarterly State Committee Meeting scheduled for 10/14.

The attached documents will give you some insight into the overall financial well-being of our OKGOP, so you can draw your own conclusions. The documents will plot the events that have transpired since the formation of the committee with my election as the CD2 member, which was delayed for other reasons.

It is my hope, and that of the Budget Committee Members named herein, that you will fully grasp the on goings of our actions since the State Convention back in May.

If we are to be the party of Law & Order, then following the rules at all levels of our organization is paramount to our integrity and our appeal to our conservative members.

I beg you to read through the attached documents that spell out the actions of the members of the Budget Committee as we are doing our best to fulfill our obligations according to the Rules of the OKGOP.

Secondly, I urge you to contact the members named herein should you desire additional information, or clarification. WE are prepared to serve the State Committee and ALL the Rank & File Members of OKGOP to our absolute best ability.

With Transparency and Liberty,

Mike Bichard

CD2 Budgetman

Budget Committee Member
